RE: Modine Heat Transfer, Inc.
EPA I.D. #MOD062439351
Information Pursuant to Completion
of RCRA Facility Assessment

Dear Mr. Olson:

The Environmental Protection Agency (EPA) is currently conducting a Resource Conservation and Recovery Act (RCRA) Facility Assessment (RFA) on the facility located on Sunset Drive in Camdenton, Missouri, which is owned and operated by Modine Heat Transfer, Inc. In order to complete the RFA, we require the following information:

When reference is made to a Solid Waste Management Unit (SWMU) in this letter, the following definition shall apply:

A SWMU is any discernible unit at which solid wastes have been placed at any time, irrespective of whether the unit was intended for the management of solid or hazardous waste. Such units include any area at a facility at which solid wastes have been routinely and systematically released. Examples of SWMUs include: landfills, surface impoundments, waste piles, land treatment units, incinerators, injection wells, above and below ground tanks (including 90-day accumulation tanks), transfer stations, drum storage areas, and waste recycling operations. In addition, the Agency has interpreted the term to apply to areas associated with production processes which have become contaminated as a result of routine and systematic releases of hazardous waste or hazardous constituents (a product may become a waste if it is discarded or abandoned).

Section 3007 of RCRA, 42 USC Section 6927, provides that any person who generates, stores, treats, transports, disposes of or has handled hazardous wastes shall upon request provide information to EPA for the purposes of enforcing the provisions of Title II of RCRA. Pursuant to the provisions of Section 3007 of RCRA, Modine Heat Transfer, Inc. shall provide the following information to EPA:

1. A map of the entire facility clearly labeling property boundaries, buildings, and all SWMUs, present and past. This map shall indicate the scale and/or be adequately dimensioned.

2. A detailed list of all SWMUs. Each SWMU shall be labeled and clearly identified on a facility map. Include the following information for each SWMU:

- ° description of SWMU, (supply any available drawings),
- ° whether there is/was secondary containment,
- ° volume of SWMU,
- ° current contents of SWMU,
- ° material of construction,
- ° date(s) of installation,
- ° historical contents,
- ° historical use,
- ° date of closure,
- ° closure procedures,
- ° date(s) and quantity(ies) of any releases of hazardous waste or hazardous constituents,
- ° corrective measures or response to release(s).

In regard to any prior release described above, provide for each unit any analytical data that may be available which would describe the nature and extent of environmental contamination that exists as a result of such releases. In responding, focus on concentrations of hazardous wastes or hazardous constituents present in contaminated soil, groundwater, surface water, and/or air.

Your facility may, if it desires, assert a business confidentiality claim covering part or all of the information submitted to, or reviewed by, EPA. Such a claim may be made by placing on (or attaching to) the information, at the time of its submittal to EPA, a cover sheet, stamped or printed legend, or other suitable form of notice employing language such as "trade secret," "proprietary," or "company confidential." Allegedly confidential portions of otherwise nonconfidential documents should be clearly identified and may be submitted separately to facilitate identification and handling by EPA. If confidential treatment is sought only until a certain date or until the occurrence of a certain event, the request should so state.

Information submitted for which a claim of confidentiality is made will be disclosed by EPA only to the extent and by means authorized by the procedures specified in 40 CFR Part 2, Subpart B. If no such claim is made when information is received by EPA, information may be made available to the public without further notice.

EPA hereby requests that the information requested above be furnished within twenty (20) days of your receipt of this letter. Your failure to respond with complete and accurate information may subject you to an enforcement action under Section 3008 of RCRA, 42 U.S.C. § 6928. Such enforcement action may include the assessment of penalties of up to twenty-five thousand dollars (\$25,000) for each day of non-compliance.

You are requested to submit this information to:

Diane Huffman
Compliance Section, RCRA Branch
U.S. Environmental Protection Agency
Region VII
726 Minnesota Avenue
Kansas City, Kansas 66101

If you have any questions in regard to this letter, please contact Diane Huffman, of my staff, at (913) 551-7544.

Sincerely yours,

Michael J. Sanderson
Chief, RCRA Branch

**STICK POSTAGE STAMPS TO ARTICLE TO COVER FIRST CLASS POSTAGE,
CERTIFIED MAIL FEE, AND CHARGES FOR ANY SELECTED OPTIONAL SERVICES (see front).**

1. If you want this receipt postmarked, stick the gummed stub to the right of the return address leaving the receipt attached and present the article at a post office service window or hand it to your rural carrier (no extra charge).
2. If you do not want this receipt postmarked, stick the gummed stub to the right of the return address of the article, date, detach and retain the receipt, and mail the article.
3. If you want a return receipt, write the certified mail number and your name and address on a return receipt card, Form 3811, and attach it to the front of the article by means of the gummed ends if space permits. Otherwise, affix to the back of article. Endorse front of article **RETURN RECEIPT REQUESTED** adjacent to the number.
4. If you want delivery restricted to the addressee, or to an authorized agent of the addressee, endorse **RESTRICTED DELIVERY** on the front of the article.
5. Enter fees for the services requested in the appropriate spaces on the front of this receipt. If return receipt is requested, check the applicable blocks in item 1 of Form 3811.
6. Save this receipt and present it if you make inquiry.
